><p>Selena-<p>

I woke up to Sammy shaking me. I can't see is face just his soul. It's yellow and gives me a calming feeling. I have been blind my entire life but since i have soul perception I can see soul's like a white outline against a black canvas with your soul right in the middle. I can tell how tall and what gender you are but I can never see your face or really any defining feature. I also Have a hard time telling between day and night. so I have to go to bed when my mom says so or else no sleep. It sucks. Anyways Me and my twin brother,did I mention Me and Sammy are twin's. He's older by two minutes. he's also taller,like way taller. Sammy picks out my clothes and he brushes and does my hair. It hurts,but he always does the braids really good. I put on the shirt Sammy picked out and tried to do the buttons. I was glad it was sleeveless.

"Tada," I said I finished the buttons. they felt kinda funny. I heard Sammy sigh.

"I swear, If it wasn't for me you'd be helpless," he said. I swiped at him.

"Aww how cute," he said while patting my head. I swiped at him

again.

"Do you want me to help you or not?" he asked. I groaned.

"Fine," I groaned. He knelled down and fixed my shirt. Yeah I know what your thinking you pervs,I have a tank under this.

"Here are the pants and your knee socks to." he said as he threw the clothes.

"Thanks,now leave," I said pushing him out the door. I changed into my short and socks. I put on my shoes and headed down stair. Then it hit me.

"Hey why aren't we in uniform. Isn't today the first day of school?" i asked. Mom and looked at me.

"I thought your were the most excited about today." Mom said placing down a plate of food. I sat and gulped the food down.

"slow down kiddo,It's not cool to eat all at once." dad said. I widened my eyes. IT was the day we get to go to America to go to the one of the best schools in history.

"WE'RE GOING TO THE DWMA!" I yelled standing on my chair with my fist in the air. I heard a sarcastic "whoop" from Sammy. Oh yeah me and my brother live in the U.K. where my parents have been stationed. Oh also my parents are death weapon miester, Maka and death scythe,Soul Evans.

"Say Bye your going to be late for your plane," mom said as she hugged us. Dad gave us nuggies. We grabbed our leather jackets and ran out the door. Our feet clicking on the side walk. One subway filled with beautiful souls. I love looking at people's souls. Its like reading their minds. Now we're on a flight to the dwma. We are going to stay at aunt Blair's house. She has to kids tha are older than us but their twins to and so they get me and Sammy better,than anyone else.

><p>(One plane ride later)<p>

"Sammy lookie we're here." I said as I stared at the stairs to the school.

"That's a lot of stairs," Sammy said. I lightly punched him in the arm.

"We are two track runners who have gone on several missions with our parents and you think stairs are going to intimidate us?" I asked Waving my hands in emphasis.

"yes," He replied.

"Grrr" I groaned. I raced up the stairs.

"Better hurry or you'll never know where we're going," I said waving the pamphlet. He said something,but I didn't hear.

><p>A stair case later-<p>

"I was wrong. So wrong." I panted.

"I hate it when I'm right." Sammy said. We walked on. More of dragged our feet and hoped we went to the right place. I saw a weird soul. It was white. I had to go up to the girl who was about a few inches taller.

"Why is your soul white?" I asked her.

"Heh?" she asked.

"I asked why your soul is white," I asked again.

"I don't know" she answered.

"Well I'm Selena," I introduced myself. "The grumpy guy following me is my brother Sammy."

"Twins huh," She said. I nodded my head smiling.

"Oh how rude of me, I'm Anastasia Forcloth, My partner Sophia should be around here. We're suppose to give a demonstration to new comers." she said. She grabbed my hand and shook it.

"You can call me Annie, I hope to see you soon," She said running off.

"Gonna go find Sophia." She yelled back. I waved bye.

"she seemed nice," I said.

"I don't trust her," Sammy said.

"You don't trust anybody." I sighed. Some one walked in with a young girl.

"Hello students. I'm death the kid and this is my daughter, Lady death. We've come to welcome you personally," The person said. I know those people.

"Uncle kid, Over here!" I yelled waving my arms. Some whisperer spread

"Now would our esteemed guests please come up and give a demonstration." He said ignoring me. Annie and I'm guessing sophia went up. I sighed. It was poit less for me to see it. I heard the sound of shots firing. I immediately clutched to the thing closest to wasn't Sammy.

"Hey cut that out would you." A boys voice said. I looked up.

"Sorry," I say letting go. He laughed and patted my head, Like Sammy does.

"I'm Dusk," He said. An older girl came and put her arm on his

head.

"His my brother giving you a hard time. I'm dawn by the way," She said. I stepped back a little.

"Selena," I say. She made a clicking noise.

"stop it sis. Your scaring the poor girl," dusk said.

"Hey leave my sister alone!" Sammy yelled pushing me behind him.

"Oh no," I say to myself.

"Hey don't talk to us like that," the girl said pushing dusk behind her. Him and I stood there. while they threw insults at each other. A crowd drew around the pair

"Are you looking to fight?" Sammy asked.

"Maybe," She edged on.

Bang

I have never been so glad for a gun shot.

"That's enough kids." Uncle kid said,"Sammy,I expected better. Especially with your sister right there."

Sammy huffed in anger.

"Now why don't you guys go home after that excitement. I'll see you all tomorrow.' he said.

"bye uncle kid,"I say leaving with Sammy. We stopped when we got to the stairs. we saw the two people who understood us the most. our twin cousins,Mary and Blythe. To our new home we go
